## Eastern Connection Expedited Mail Delivery Service

### Our Commitment

Through its innovative business model, EMail collects business customers' flats, priority, light weight parcels and bound printed matter mail pieces, individually processes this mail and places it into the USPS delivery network for nationwide delivery within 1-4 days.

### Benefits

EMail provides many value added benefits to our business customers, including: Labor savings, cost reduction for mailing equipment and service contracts, improved delivery through address changes, postage savings, management cost reporting for internal and external charge backs, and tracking and confirmation of each mail piece.

### Process

1. Pick-Up  
EMail picks up at your location and delivers to our local Mail Center.
2. Process  
Our local Mail Center processes and expedites your mail and parcels.
3. Distribution  
Your mail and lightweight parcels are entered into the USPS delivery network.
4. Delivery  
USPS hand delivers your mail to your customers.
