Eastern Connection Logistics

Customized solutions to meet your unique business needs

Our Commitment

Eastern Connection offers custom-made Warehousing, Distribution & Logistics services, with 24-hour dependability. Our logistics team is ready to develop a program to expedite your critical, just-in-time shipments. Our flexible, cost-effective freight trucking services will move your freight one-way, round-trip, or through dedicated, longer-term contracts. Outside of our footprint? We are equipped to extend our trucking capabilities throughout the country through alliances with freight shipping companies.
